Ref: BBSS22-430

Dear Parent/Guardian

Warmest greetings to you. Time flies and we are now in the fourth and last term for the year. I thank you for standing by the school and staff as Safe Management Measures (SMMs) were further eased till mask-wearing is no longer required in school (from 29 Aug 2022).

2. While mask-wearing is not required, students and staff have been advised to **exercise respect for each other** as some of us might still want to wear masks to school or in school. Reasons include:

- The daily Singapore cases of COVID-19 infections and vulnerable cases requiring intensive care.
- To **stay protected** while preparing for the end-of-year or national examinations. For example, having been exposed to a household member or someone who is COVID positive.
- To be **socially responsible** when you start to feel unwell while in school and eventually seek early departure to go home to see a doctor.

Mask-wearing is still strongly encouraged when visiting crowded places or interacting with vulnerable persons to reduce the risk of catching respiratory infections.

3. In this period of summative assessments, we would really appreciate it if you would partner us in closely monitoring your children's/ward's work and revision schedule so that they will be sufficiently prepared. There is no denying that there would be stress during this period, so adopt a growth mindset, support them and guide them towards putting their best efforts. Examination results do not define a child. Praise them for those efforts, less the outcomes, take care of their well-being and remember to **encourage and affirm** them so that they will live up to our motto of "Be Our Best". This would go a long way in building character as well as cultivating good parent-child relationship.

4. Parents are encouraged to visit the Parents section in our school website located under Useful Resources (<https://bukitbatoksec.moe.edu.sg/useful-resources/parents>). In this section, you will be able to access important school information as well as the MOE PSG Portal which contains a rich repository of parenting guides and tips that will be useful in supporting you as you journey through the secondary school years with your child. Do find time, including those times when you are at wits' end to go through the rich parenting resources<sup>1</sup> available via the Parents Gateway (PG) App as well.

5. Thank you for the appreciation shown to my staff who have made a difference to your children/wards with your messages through the Gratitude Portal (<https://thankyoucher.edu.sg/>) once again this year and thank you for your understanding and partnership in the continued holistic development of your children/wards. Do take time to view the many appreciative notes to my teachers and staff, and also to pen your messages too.

6. I would like to share more accolades for this term (*Annex A* provides additional details of these achievements, if any):

- Managing Impulsivity – Reading instructions and understanding the questions carefully at the start of examinations; and

Thank you very much.

Yours faithfully
